Depew on the Strike.

He is Waited on by a Committee of Strikers.

ONLY A SHORT INTERVIEW.

He Says That There is No Trouble on the Central Road and That There is Nothing to Talk About—Other Labor News.

NEW YORK, Sept. 12.—A committee of five of the ex-employees of the New York Central railroad who went out on a strike, called on President Chauncey M. Depew yesterday with the following results:

"We have come to talk over the strike on the New York Central road," said one.

"I am afraid there is nothing to talk about. The strike is virtually over now," replied Mr. Depew.

The spokesman then asked Mr. Depew to wait until the committee had discussed the matter, and said that they would then return and make their propositions to him.

Mr. Depew replied: "There is no sense in making false promises to you. The strike is over, and I do not care to talk over back numbers. You have chosen to resign your places at Webb's side, and I have nothing more to say."

The committee then left the office.

Alleged Train Wreckers in Court.

ALBANY, N. Y., Sept. 12.—The first examination of the men arrested at Albany for attempting to wreck the Montreal express took place before County Judge Griffith, of Troy, yesterday at 10 o'clock. The case was presented by John Card and John Kier, the two prisoners, their counsel, and counsel for the Central and Master Workman E. J. Lee, Secretary Portley, and Treasurer Price, of District Assembly 245, and the prosecuting attorney. The prisoners were not in the least disconcerted, and looked none the worse for wear. The examination was begun at once and the prisoners pleaded guilty. The men were taken back to jail, no application for bail having been made.

Saved the Train But Lost His Job.

NEWBURGH, N. Y., Sept. 12.—Flagman Robert Dunwoody, who claims to have flagged and saved the St. Louis express, near New Hamburg, on Monday night, has been suspended indefinitely by the Central railroad officials. Dunwoody says that his examination at Albany on Tuesday was by Detectives Pinkerton and Humphrey—not by Superintendent Bissell. He indignantly denies the charge made by Humphrey that he had placed the obstruction on the track, and says: "If this is a concocted effort to discredit me and ruin my reputation, I do not see how I can prove my innocence."

A Victory for the Miners.

ALTOONA, Pa., Sept. 12.—At the adjourned conference of miners and operators in session here the report of the committee of seven from each side rendered their report yesterday. The scale presented by the miners with but few changes has been adopted by the operators. The conference has sanctioned the report and the difficulty is at an end. The miners gained a complete victory. The scale will effect all miners in the district representing Clearfield Center, Cambria, Huntingdon, Blair, Jefferson and Indiana counties.

Train Wreckers Arrested.

ALBANY, Sept. 12.—A dispatch from Utica states that Cain and Brette, the two men who are said to have fixed the obstruction on the rail that caused the wreck of the Montreal express, passed through here in charge of two Pinkerton detectives. The detectives refused to state where they arrested the men, but it is thought they were captured either in Canada or some point west of Utica.

FIGHT TRAINS COLLIDE.

A Disastrous Wreck on the New York Central Railroad.

ALBANY, Sept. 12.—No trains have arrived here from New York since 7:30 last night. The explanation is given by the fact that there is a disastrous wreck at Schuylkill, sixteen miles below this city, on the New York Central railroad. The authorities of the Central here say that an extra freight train, owing to a misplaced switch, and a few freight cars were derailed.

The United Press reporter learns that the wreck is a very disastrous one and that the two engines, ten cars and a caboose are piled up so as to cover the passing tracks as well as the freight. Two engineers, a fireman and a brakeman are killed and three others wounded. The wreck is on fire and is burning fiercely and traffic is delayed.

Wreck on the Chesapeake and Ohio.

HUNTSVILLE, O., Sept. 12.—The F. F. V. engine No. 1, on the Chesapeake and Ohio road, ran into a freight train at Russell, opposite Lorain at 4 o'clock yesterday morning. The locomotive is badly damaged and the caboose and a car of coffee were demolished. Yardmaster Brown had an arm broken and the fireman was slightly injured. The freight train was standing on the main track. It is feared Yardmaster Brown was injured internally. His condition is serious. The wreck was caused either by the carelessness of employees or the disobedience of orders.

The Farmers Once More at Large.

GOSHEN, Ind., Sept. 12.—A tornado which visited Clinton township yesterday did an immense amount of damage, wrecking fences and trees, destroying crops, blowing down barns, etc. All the buildings on Mrs. Stansbury's farm were leveled to the ground. The loss will be great.

CHOOSING A PRESIDENT.

It Will Doubtless Be Gen. Ezeta—Gala Day in Salvador.

SAN SALVADOR, Sept. 12.—The city has taken on a holiday appearance. National bunting flutters from every residence and business house and the streets are crowded with people who have come from every quarter of the republic to be present at the opening of congress. The body will convene its session in the National theater. Owing to the large crowds it has been found necessary to issue invitations to the opening ceremonies.

Many soldiers who participated in the war and have been honorably discharged, still remain here to see their late commander-in-chief, Gen. Carlos Ezeta, elected president. Nearly all the prominent generals are also here, and the day promises to be one of the most exciting periods in the history of the country.

One of the first acts of congress will be the election of a president, to fill the unexpired term caused by the death of Menéndez. Ezeta is the most popular candidate and his election is considered a sure thing. Dr. Ayala, who was vice president under Menéndez and who set up a government on the borders of Honduras, is in Guatemalan, but his best friends believe he stands no chance of being elected president by the Salvadoran congress.

The Salvadoran claim he is a traitor and is ineligible to office. He is President Beile's choice for president, and has been cut off all his chances if he had any, as Salvador's late war was waged against Guatemala, solely to assert her political independence. Having gained this point she will be loath to part with it.

The appeal of the widow of Barrundia to the president of the United States having been printed here, and the statement that she and her children were in a destitute condition, caused Provisional President Ezeta cable to the unfortunate woman \$3,100. Barrundia and his family have been his friends for years.

Patent Law Violated.

CRAWFORDSVILLE, Ind., Sept. 12.—When the Indiana Wire Fence Company at this place was organized a contract was made with H. S. Gregg to a patent he had, and for which he was to have 10 per cent. of the profits of the concern, over and above the expenses. Gregg was also a stockholder, and when the company commenced to pay dividends Gregg demanded his per cent. on his patent. This was refused on the ground that the patent could not be used because of possible infringements. Suit was brought by the company to have the contract set aside. The court has held that the contract was null and void, because it was a violation of the patent laws.

Found Dead in the Morning.

NEW YORK, Sept. 12.—Lawrence N. White, 45 years old, of 42 West Thirty-second street, was found dead in his bed this morning. He had been asphyxiated during the night, the gas having been turned on in his room. White retired late last night under the influence of liquor and it is supposed the affair was accidental. Mr. White had been for many years one of the chief salesmen in the Broadway house of Lord & Taylor. He had been on a vacation, had not been addicted to the use of liquor, and the circumstances attending his death were a surprise to his friends.

Seminary Burned.

ROCHESTER, N. Y., Sept. 12.—Early yesterday evening a fire started in the building of the Cheesebrough seminary, the largest building in north Chili, about 7 miles west of this city. The flames gaining such headway, that before any effort or method of fighting them could be organized, the whole structure was enveloped and the building was totally ruined. The building was a large three-story brick with a wing and was capable of accommodating several hundred students. The school was the largest institution under free Methodist auspices in the state.

Tramp Shot by a Conductor.

PEAK, Ind., Sept. 12.—Daniel Watts, conductor on a Lake Erie and Western freight train, shot a tramp twice, injuring him perhaps fatally, and was bound over for a preliminary hearing in bond of \$10,000. The tramp gave the name of Robert Kelly, and residence Ohio. He was riding, and was put off by Watts. Watts is a Knight of Pythias, and the railroad company has received the best of counsel for him. Kelly is a Catholic, and is now in care of some members of that church.

Bandman's Baggage.

HELENA, Mont., Sept. 12.—A suit for \$3,000 damages has been instituted against the Northern Pacific railroad by Daniel E. Bandman, the tragedian, who is now in this city. Mr. Bandman's baggage was lost in transit some time ago, between Missoula and Spokane Falls. His traveling material was also lost, on the same road. The suit is brought to make good the losses occasioned by his missing several performances by reason of the company's default.

Train Wrecked by a Landslide.

MANSFIELD, O., Sept. 12.—A landslide one mile west of Loudonville caused a bad freight wreck on the Pittsburgh, Fort Wayne and Chicago railroad at 3 o'clock yesterday morning. A west-bound train dashed into the slide and the engine and six cars were piled up. Engineer Frank Shlan, Fireman Peter Beck and Brakeman John Wiley were severely lamed and sustained a number of cuts all over their bodies.

Prominent Farmer Attempts Suicide.

PRATT, Ind., Sept. 12.—Samuel Shammoun, a prominent farmer of Santa Fe, this county, shot himself, in the presence of his wife and child, dying instantly. The suicide was caused by financial difficulties.

Effects of the Flood.

Untold Damage Done in Southern New York.

RAILROAD TRAFFIC SUSPENDED.

Many Bridges Swept Away in the Chemung, Canisteo and Cohocton Valleys. Several Villages Almost Entirely Inundated—Flood Damages Elsewhere.

ELMHURST, N. Y., Sept. 12.—The flood here Wednesday night has done thousands of dollars' worth of damage in the Chemung, Canisteo and Cohocton valleys.

The interstate fair ground, are flooded with two and three feet of water, and the loss is incalculable.

Charles Townsend, of Addison, made a wager that he could swim the river last night, and insanely plunged in. His body has not yet been found.

The water in the Canisteo river was the highest known in twenty-six years.

Coming, Addison and Hornellsville were inundated, and business is at a standstill.

Reports from Bath say that the Cohocton valley is submerged, and the loss of property is very great.

Railroad traffic is entirely suspended on the Erie and Lehigh, Lackawanna and Western roads. West of here many bridges have been swept away.

The road-bed is washed out, and at various places along the road several feet of water covers the tracks. The Northern Central is not running further than Watkins, and traffic on all roads entering the city is seriously delayed.

At Canisteo.

CANISTEO, N. Y., Sept. 12.—The flood is virtually a repetition of the great flood of June, 1889. No mails have been received since Tuesday night and there is not much prospect of any trains arriving to-day owing to the several wash-outs between Corning and Hornellsville. The house of "Nick" Merwin, on Purdy creek, which so narrowly escaped being washed away last May, was this time taken into the creek and part of it carried down the stream.

Allegheny River Rapidly Rising.

BUFFALO, Sept. 12.—A special to The Express from Salamanca, N. Y., says: A very heavy rain began falling on Tuesday night, and has continued ever since. The Allegheny river is rapidly rising, and in many places the banks are overflowed. Trains on the Erie railroad are abandoned east of here. Unless the rain ceases within a few hours we are likely to have a serious flood as in July last year.

Erie Road Blocked.

BUFFALO, Sept. 12.—Superintendent Brunn, of the Erie railroad, says there is no trouble on the Buffalo division, but the through trains are all stalled down near Hornellsville and Elmira. There has not been a train through from New York since yesterday morning and the road officials do not know when the blockade will be lifted.

Crop Destroyed.

DANVILLE, N. Y., Sept. 12.—The severe rains of the past twenty-four hours have caused the Canaseraga to overflow on the lake so that the crop not yet gathered will be entirely destroyed.

Four-Foot Flood Mark.

LOCKPORT, N. Y., Sept. 12.—Small floods are reported in all the streams above here. The river is at the four-foot flood mark.

MURDER AND SUICIDE.

A Woman's Infatuation Leads to a Tragedy in New York.

NEW YORK, Sept. 12.—Carrie Lense, a German woman, 35 years old, was fatally shot in the left lung, at 44 Stanton street last night by a man named Rosenberg, who afterward shot himself in the head, dying almost instantly. Rosenberg said that he married the woman in Pittsburgh five years ago, and that they lived happily together until the woman became infatuated with a young grocery clerk in Brooklyn.

Some time ago she left Rosenberg and went to live at 44 Stanton street. During the day she was engaged as a cook in Kell's restaurant on Pearl street. About a half past eight she reached home in her work and found Rosenberg waiting in front of her house for her. The two held a long conversation during which Rosenberg begged the woman to return and live with him.

The woman told him they were better off apart and refused to go with him. This angered Rosenberg and, drawing a revolver from his pocket he fired the bullet entering the woman's left lung. She fell on the sidewalk without a word. Rosenberg then shot himself in the head, dying almost immediately. The woman died at 10 o'clock at Gouverneur hospital.

A Drug Clerk's Mistake.

NEW YORK, Sept. 12.—A Halifax, N. S., special to The Herald says that Mrs. Crossier, an old and respected resident of Digby, N. S., had been ill for several days. On Tuesday evening a prescription was filled for her at the drug store of Starke & Company. After Mrs. Crossier had taken a dose of the medicine symptoms of poisoning immediately appeared, and after suffering fearfully for some hours the unfortunate lady died. Instead of the proper ingredients the clerk had sent fifteen grains of strychnine, all of which had been taken by the woman.

Collision on the Pan-Hamou.

SPRINGFIELD, O., Sept. 12.—Two sections of the west bound freight, No. 7, on the Pan-Handle, collided at Selma, this county, yesterday. Fourteen cars were derailed and one engine ruined. Loss, \$20,000. No one hurt.

KILLING OF GENERAL BARRUNDIA.

Guatemalan Authorities Claim They Were Justified in the Act.

CITY OF MEXICO, Sept. 12.—Advices just received here respecting the shooting of Gen. Barrundia on board the American steamship Acapulco at St. Jose de Guatemala state that Capt. Pitts, of the Acapulco, had made a declaration which the Guatemalan authorities claim completely justifies their action.

Mr. Mizner, the American minister, the authorities say, was consulted as an act of courtesy only. It is further alleged that when Capt. Toriello and Capt. Pitts read to Barrundia the order for his delivery to the Guatemalan authorities, Barrundia asked permission to change his clothes, which was granted. Turning away, Barrundia suddenly grasped two revolvers, and fired on Toriello, Pitts and the policeman, who in turn fired on Barrundia, killing him. Capt. Pitts had taken the precaution of ordering the passengers to withdraw. Otherwise some of them would have undoubtedly been hit by one of the bullets from Barrundia's pistols.

KENTUCKY'S CONSTITUTION.

First Active Week Done in the Frankfort Convention.

FRANKFORT, Ky., Sept. 12.—The first action by the constitutional convention in session here was taken yesterday. The convention ordered the state auditor to report to the convention the amount of indebtedness of each county, town and city, and the form of debt, whether bonded or otherwise, and for what incurred, the salaries paid to judges and other officials, the number of cases pending in the court of appeals, the amount paid to witnesses and other information bearing upon contemplated reforms.

The passage of the resolution indicated an almost unanimous resolve to take from counties and municipal corporations the right to create bonded debts or to tax themselves beyond a prescribed limit, and to make radical changes in the judicial system. This is the first action taken by the convention outside of organization.

ATTEMPTED DOUBLE MURDER.

Jealously and Drink Drives a Man to Resort to Shooting.

NEWARK, O., Sept. 12.—There was a sensational shooting affair in East Newark yesterday, which may result in a double tragedy. Frank Barnes, a Baltimore and Ohio brakeman, wild with drink, and furious with jealousy of his handsome wife, went to the home of his mother-in-law, Mrs. Stone, where he and his wife live, and shot his wife in the head.

He then proceeded to the shoe store of James A. Burke and shot him, the bullet passing through his lung. After an exciting chase the officers captured Barnes and locked him up. He refuses to talk, but it is claimed there is a scandal at the bottom of the affair.

New Disease Among Cattle.

FORT WAYNE, Ind., Sept. 12.—Dr. William F. Meyer, a veterinary surgeon of this city, has returned from Adams county, where he was called to attend some sick cattle. A peculiar disease is raging among the cattle in that neighborhood. They refuse to eat or drink and become partially mad, in some instances attacking persons who approach them. Among the lot Dr. Meyer was called in to attend nine out of the twelve cattle died and the other three will succumb to the disease. The cause of this strange malady is not known.

Robbed and Murdered.

CORYDON, Ind., Sept. 12.—Joseph Fisher, a German farmer, aged 84 years, was found dead in the public highway, near Mauckport. He had gone to Mauckport the day previous to pay a debt of \$100, but failed to find his creditor. He started home in the evening and nothing was seen of him until he was found dead. There were bruises up in his head which indicate that he was murdered.

Thrown From a Train and Injured.

ROCKFORD, Ind., Sept. 12.—Monday, on the train going down, bound for Evansville, three men got aboard at Lincoln and refused to pay their fares to Temmison. They were forcibly put off the train. Two of the men were injured in the affray, but the other one struck a hard object on the ground and was hurt. Since then he has grown worse and fears are entertained of his recovery.

Alleged Census Fraud Investigation.

MINNEAPOLIS, Sept. 12.—Yesterday the United States jury commenced the investigation into the alleged census fraud in St. Paul. Several prominent St. Paul men have been summoned before them to give evidence, including Hon. C. D. Gilliam, Gen. John B. Sanborn and P. H. Kelly. The examination is expected to last for several days.

No Yet Found.

ST. PAUL, Minn., Sept. 12.—In the case of Walter Horton, charged with drowning his wife, the testimony developed nothing new. The defense then without submitting any evidence, moved a dismissal of the case on the ground of the insufficient testimony. This was overruled by the court and Horton was held to the grand jury.

Rice Road Destroyed.

NEWARK, N. Y., Sept. 12.—There was a large fire last night about two miles south of Goshen, on the Florida turnpike, whereby the Rice & Carnrick Rice Road factory was entirely destroyed, as were also the grist mill and cider mill of the Newell Brothers, adjoining.

Geographer and Teacher Dead.

NEW YORK, Sept. 12.—James Mont-teith, geographer and teacher, died at his residence in Brooklyn this morning, aged 60.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

FRIDAY, SEPTEMBER 12, 1890

Notice to the Democrats of Mason County.

There will be a mass convention held at Maysville court house Saturday, Sept. 13th, at 2 o'clock p. m., for choosing delegates to the Congressional convention which meets at Catlettsburg, Sept. 16th.

THOS. J. CROSWORTH,
Chairman Executive Committee.

VERMONT and Nevada make a poor showing in the present census. Their population is less than it was ten years ago.

DEMOCRATS gained twelve members of the Legislature at the Maine election this week. We are thankful for small favors in Blaine's and Reed's State.

GREEN KELLARS says his defeat at Frankfort for Assistant Secretary of the Constitutional Convention was accomplished only by means of a shabby trick. It looks that way, but "if you cast yourself into political strife and get hit with a political brick, you'll show your good sense by holding your tongue and never once making a kick."

THERE is an interesting political fight in progress in Kansas. The re-submissionist Republicans and the Democrats united on a State ticket in opposition to the regular Republicans, and the Farmers' Alliance is in the field to help make things lively. Republicans need not be surprised if they hear something "drap" in Ingalls' State at the next election.

BINDING twine and cotton bagging are manufactured from the same material. One is just as necessary to the wheat growers of the West and North as the others is to the cotton growers of the South. What excuse then can the Republican Senators give for removing the duty from twine and keeping the tax on bagging? None whatever that is at all justifiable. They are simply a lot of miserable sectionalists and partisans who voted to oppress the South and at the same time curry favor with the farmers of the West and North.

OREGON made such a big kick about her recent census that she was granted a recount. The enumerators are now at work. The recount in Portland and in Multnomah County shows an increase of 12,815; the true population being ascertained to be 75,257, instead of 62,442, as first reported. This is a striking instance showing what a miserable botch Superintendent Porter and his enumerators have made of the census.

Attention was called to the shortage in Oregon by the fact that according to the votes cast at the June election the population of the State should be 375,000, while the census made it only 305,000. The gain by a recount in the principal city indicates a population of the whole State of 375,000, and the correctness of the accepted ratio of votes to population is sustained. According to this ratio of votes to population Maysville has over 8,000 inhabitants, but the census fixes the number at less than 7,000 in the city proper.

THE Chicago Tribune is one Republican journal that admits the injustice done the Southern farmers by the United States Senate when it refused to remove the duty from cotton bagging, after giving the Western and Northern farmers free binding twine. Says the Tribune:

"The manufacture of cotton bagging is controlled by a grasping, greedy trust, like that of binding twine. The syndicate which manufactures it has been merciless in its exactions. It has oppressed the great Southern industry and has leveled high toll on the colored Republicans who raise the cotton on shares as well as the white Democrat who owns the land. The monopoly which has done these things should have been dealt a blow because it is a trust, especially when it was in the power of the Western Republicans at one and the same time to show that they did not wish the bill should contain any discriminations against Southern products if they could help it and also to reciprocate the courtesy of the Southern Senators in voting to help the Western farmers against the binding-twine monopoly. The Southern Senators were perfectly justified in saying that they considered the vote an unfair discrimination against the Southern section; that 'there was no argument for the removal of the duty on one which did not apply to the other,' and that 'it was astonishing to them that Western Republican Senators should vote against the one and for the other.'"

A Chicago man who had been appointed receiver went to a lawyer and asked: "Out of \$20,000 passing through his hands how much ought a receiver to profit?" "Well, about \$19,000," was the reply. "Only \$19,000," he exclaimed. "Who is to get the other \$1,000, I'd like to know?"—Texas Sittings.

The Constitutional Convention.

Yesterday, the convention ordered the State Auditor to report the amount of indebtedness of each county, town and city, and the form of debt, whether bonded or otherwise, and for what incurred, the salaries paid to judges and other officials, the number of cases pending in the Court of Appeals, the amount paid to witnesses and other information bearing upon contemplated reforms.

It is thought the passage of the resolution indicated an almost unanimous resolve to take from counties and municipal corporations the right to create bonded debts or tax themselves beyond a prescribed limit, and to make radical changes in the judicial system.

Curtis F. Burnam, Republican, of Richmond, offered a resolution striking from the Constitution the word "white" and the several slave causes. The convention ordered the resolutions printed.

The Committee on Rules made its report, and there was quite a discussion as to its disposition. Some wanted consideration of the report made a special order for some future day. The Louisville Times' correspondent says: "Mr. Whitaker, of Mason, had the right idea of expedition and moved to adopt all the report as a whole and at once, but was ruled out of order." The report was finally ordered printed and recommitted. To facilitate the business of the convention, twenty-one standing committees, to be appointed by the President, were decided upon by the committee.

"Some of the minor regulations for the order of business differ from the rules of the convention of 1849," says the Times' correspondent. "In the matter of appeals from the decisions of the chair two persons instead of one are necessary to demand the appeal. Mr. Knott, who thinks the privilege of appeal one of the most important allowed the Legislature, State or National, wanted the rule made that any one man could ask an appeal, but he was overruled in the committee by the majority, who thought that the appealing delegate should have at least a second. When it comes to the order of business, proper, two-thirds of the whole number of delegates constitute a quorum, but ten members may adjourn from day to day or for a term of days not exceeding five. The reports of the standing committees are to take precedence of everything else in the order of business, except petitions, and when they have been called motions and resolutions will be in order, unless superseded by special orders."

Two Hurt.

A report was current yesterday at noon that a terrible wreck occurred on the C. & O. at Russell yesterday morning. It was said that fifty people had been killed or injured. The truth of the matter is, that no one was killed and only two were injured.

The Daily Irontonian says No. 1, the westbound fast express, was a little behind yesterday morning, and a freight was sent out from Ashland on the passenger's time with instructions to switch in at Russell and allow the passenger to pass. No. 1 came down slowly looking for the train in front and not seeing it supposed the order had been obeyed and the freight had side-tracked. Just as the curve, at the upper end of the Russell yards, was turned the foreman exclaimed "there are her lights, she is standing still!" and the next instant the crash came. Conductor Brown of the freight train has a broken arm in memory of the occasion and the freeman has a slightly scratched face.

One engine was damaged and the caboose and a coffee car of the freight were demolished.

THE Democrats of Adams County, Ohio, have nominated the following ticket:

Auditor—H. J. Thomas.
Probate Judge—Henry Scott.
Prosecuting Attorney—C. F. Wilcox.
Commissioner—P. N. Hughes.
Infirmary Director—Wm. Hill.
County Surveyor—A. V. Hutton.

The Railway.

The new comfort passenger and express coach for the C. & O. reached here yesterday over the C. & O. and was taken out to Johnson in the afternoon.

The C. & O.'s loss by the wreck at Sony Point a few days ago is placed at \$30,000. The Dove News says: "The accident was caused by Dixon not obeying the orders of the foreman of the work train. He probably forgot the train was on the main line. The railroad company has fully exonerated Conductor Benburger and Engineer Conway, who were in charge of the work train, from all blame for the accident. Conductor Watts, who had charge of the wrecked train has been discharged from the service of the company. Watts is the same conductor whose train was wrecked at Bull Creek not long since."

County Court Doings.

Con Guilloyle was granted license to retail spirituous, vinous and malt liquors at Mayslick.

Patrick Gantley was appointed administrator of Daniel McCarthy, and executed bond with Charles B. Pearce, Jr., surety. J. M. Alexander, James E. Cahill and Samuel Strode were appointed appraisers.

Proof was introduced in open court that Oliver A. Nelson, colored, is a minister in regular communion with Plymouth Baptist Church, and he was granted authority to perform the marriage ceremony, with E. W. Green surety.

J. A. Jackson and son have returned from their visit to Bourbon County.

Mrs. Mitt Lloyd and daughters, of Cincinnati, are visiting S. A. and Wilson.

Bill Rees lost a very fine mare this week on the road from Maysville, from overheat. The animal was worth \$50.

A big load of beer and ice came up from Maysville last Thursday morning about 2 o'clock, ready for Saturday night.

C. Burgess Taylor was at Cincinnati this week to have his eyes examined. He came home Wednesday evening and qualified as Deputy County Clerk.

Dr. Clark's Indian Chief Medicine Treasuries are calculating very much to crowded houses. It is the best thing that has struck this place for years. A No. 1 show and he is treating many chronic cases.

IN MEMORIAM.

At a meeting of the Amazon Fire Company the following resolutions were adopted:

WHEREAS, Death has removed from our brother, Francis J. Hines, a member of the company, the following resolutions were adopted:

Resolved, That we part most unwillingly with one who in every position filled his place with fidelity to the interest entrusted to him, and that in his death this company loses a good and faithful member.

Resolved, That to the widowed mother and her sorrowing family we tender our deepest sympathy and condolence, and pray the richest blessings of the Divine Father may comfort them.

Resolved, That a copy of these resolutions be sent to the family of the deceased, and also to the various city papers for publication.

FLEXIBLE, DAINTY, HEALTHFUL.

Cork Sole Turned Shoes

Are as flexible and dainty as the finest turn, and are the easiest walking Shoe made, the cork acting as a cushion to the foot. The cork being secured in a pocket, thus forming a part of the Shoe, it is impossible for it to work loose or break up. They are also the most healthful Shoe, as CORK IS A NON-CONDUCTOR OF HEAT AND MOISTURE. It prevents the warmth of the bottom of the foot from radiating and escaping in cold weather, and in warm weather it prevents the heat from the pavements from penetrating the foot.

LADIES wearing our Cork Soled Turned Shoes needn't fear cold, hot, damp or rough walks. They are as flexible and dainty a Shoe as the lightest turned Shoe made. Come and see them; they are a thing of beauty and comfort. Come and see, also, the largest retail stock of Boots and Shoes in the State. Selling at 25 per cent. less than anybody else sells them.

From Foreign Climes.

The Great Strike at Southampton Settled.

A SMALL INCREASE GRANTED.

The Men Will Return to Work and Receive a Penny an Hour More Tomorrow Before the Strike—Why the Strike Was a Failure—Other Foreign Happenings.

SOUTHAMPTON, Sept. 12.—At a conference of strikers yesterday, it was decided to return to work on the concession offered a fortnight ago. The decision was fiercely opposed by a strong minority. The concession means an increase of a penny an hour. The question of employing non-union men is left open.

McCarthy, the leader, in an interview said that the fact of the strike having been begun without obtaining authority from the dockmen's executive at London, precluded the hope of success. These men had been warned against precipitate action, but have chosen to disregard the advice. McCarthy strongly condemned the local union for having forced a strike under such circumstances.

Attempted Assassination.

CONSTANTINOPLE, Sept. 12.—A young Armenian approached Tadjad Oscanian, the Armenian bishop, as the latter was leaving the church yesterday, and uttering the cry of "traitor," attempted to kill the bishop with a knife, but only succeeded in wounding him in the arm.

The bishop gave evidence against the prisoner, charged with having been implicated in the recent demonstrations against the Armenian patriarch in the cathedral in the Kroom Capu quarter of Constantinople, and it is supposed that the attack was prompted by a spirit of revenge for his not refusing to testify.

An Armenian Assassin.

CONSTANTINOPLE, Sept. 12.—As the Armenian bishop, Tadjad Oscanian, was leaving church yesterday, a young Armenian approached him, and uttering the cry of "traitor," tried to kill him with a knife, but only succeeded in wounding him in the arm. The attack is supposed to have been prompted by a desire for revenge upon the bishop for evidence given by him against the prisoners charged with having been implicated in the recent demonstrations against the Armenian patriarch in the cathedral in the Kroom Capu quarter of Constantinople.

Quieter at Southampton.

SOUTHAMPTON, Sept. 12.—The strikers here are more quiet and no riotous demonstrations have been made. The police authorities have issued an order forbidding the holding of processions, and the leaders of the strikers have promised to see that it is obeyed. The mail steamer La Plata sailed yesterday for the river Plata. A fresh crew were engaged to take the place of the old hands who went out with the strikers.

A Revolt in Switzerland.

GENEVA, Sept. 12.—A revolt has occurred in the canton of Ticino. One member of the cantonal government was shot with a revolver, three other members were made prisoners, and the remaining officials fled. The Swiss Federal council have sent two battalions of troops to suppress the uprising. The trouble grew out of a revision of the constitution. Most of the inhabitants of the canton are Italian Catholics.

Battle in Morocco.

TANGIER, Sept. 12.—The forces of the Sultan of Morocco have had a battle with the Zaimons, in which the latter were defeated with heavy loss in killed and wounded. The Zaimons were taken by surprise and completely routed. Their famous chief, Charammon, was captured by the Sultan's troops.

Fall of an Empress.

ORIENT, Sept. 12.—While walking near the city yesterday the Empress of Austria, who is visiting Portugal, slipped and fell. Her majesty received several contusions, none of which, however, are of a serious nature.

Two Miners Killed.

MONS, Belgium, Sept. 12.—Two miners were killed yesterday by an explosion in the Agrippe coal mine.

METHODISTS IN CANADA.

The General Conference Has Important Work Before It.

MONTREAL, Sept. 12.—The third general conference of the Methodist church of Canada opened Wednesday in the St. James church. It is the first conference since the general union in 1884, and the only general conference held here during twelve years. There are over 500 delegates present. Wednesday's session was taken up with hearing the address of Rev. Dr. Curman, general superintendent of the Methodist church in Canada.

Among the most important questions to be discussed are the advisability of establishing a Methodist sisterhood and of petitioning parliament as regards the vexed question of clerical precedence. In the memorial which it is proposed to send, it is stated that the North American act recognizing the equality of all religious bodies before the law, but that the order of precedence at dominion and provincial receptions ignores the very existence of their church and other non-episcopal churches, representing the majority of this dominion. They protest against such offensive discrimination against more than one-half of the population.

The British Columbian conference takes a bold step in the woman's right movement and will present to the general body a memorial asking for the admission of women to a place on church councils. Another in regard to the Pacific concerns itself with the posture of the Lord's table, and requests the general conference to amend the ritual so that the posture of the communicant shall be that of sitting instead of kneeling, as more in harmony with the origin and spirit of the institution. Many also memorialize the legis-

lative body to extend the pastoral to five years. They also ask that they be allowed to elect a member of the central board of missions.

OUR FLAG HAULED DOWN.

But It Is Immediately Restored on the Toronto Exhibition Building.

TORONTO, Ont., Sept. 12.—Col. Gray, who is brigade major of the Canadian militia, on Tuesday ordered to be taken down a handsome United States flag which was fluttering from one end of the grand stand at the industrial exhibition. The act was greeted with mingled cheers and hisses. Manager Hunt, of the exhibition, ordered the flag put back, and yesterday morning "Old Glory" was again in place.

Maj. Gray angrily ordered the "flag of an alien people" to be torn from the flag-staff. This Manager Hunt refused to do, saying it was only a graceful compliment to the American people who every year visit the exhibition in large numbers. The board of directors will to-morrow pass upon the question.

WASHINGTON NEWS.

Proceedings of the Senate and House. Other Dispatches.

WASHINGTON, Sept. 12.—The senate after the transaction of some routine business yesterday, took up the conference report on the land grant forfeiture bill. Mr. Gorman took the floor and spoke four hours in opposition to the report, but had not finished when the senate adjourned.

The house for lack of a quorum, showed by the first roll call, adjourned at 12:35 without making any progress whatever with the Langston-Venable contested election case.

Cotton Exports.

WASHINGTON, Sept. 12.—Cotton exports from the United States during the past month of August aggregated 62,203 bales, valued at \$3,611,435, against 68,608 bales valued at \$3,617,835 in August, 1904. Cotton exports for the twelve months ended Aug. 31 last, aggregated 4,811,953 bales, valued at \$25,038,030.

Population of Maine.

WASHINGTON, Sept. 12.—The census office has announced the population of the state of Maine to be 630,361, which is an increase since 1890 of 114,450 or 17.5 per cent. The population of Bangor, Me., is 19,000; increase 2,244; Rockland, Me., 8,317; increase 538.

Talmage Is Happy.

NEW YORK, Sept. 12.—Dr. Talmage has secured the money with which to rebuild the Brooklyn Tabernacle, and the work of construction will shortly be begun. Russell Sage has advanced \$125,000 for the period of one year at 6 per cent interest. The land cost \$105,000 and has been wisely paid for. Besides this collateral, Dr. Talmage insures his life for \$25,000 as part payment. The cost of the new church is estimated at \$50,000, and with its new organ and other incident expenses, the entire cost including the land, will reach \$50,000.

Election in Wyoming.

MINNEAPOLIS, Sept. 12.—A Cheyenne Wy., special to The Tribune says: "It is almost impossible to tell the result of the election here yesterday. Some precincts are over one hundred miles from the county seats. Both parties claim the election, the Republicans by 1,500 and the Democrats by about 1,000. This is on the head of the tick. It is thought the Republicans stand a better chance of securing the legislature than the government."

How the Election Went.

NEWPORT, R. I., Sept. 12.—The count of the ballots in Wednesday's election has been completed. Thomas Coggeshall, Republican, is elected mayor by his majority. The Republicans also elect five out of six aldermen; ten out of fifteen councilmen and three out of four school committeemen. There is no election for one councilman. The proposition to extend \$8,000 for a new engine house was carried by a large majority.

State Ticket in South Carolina.

COLUMBIA, S. C., Sept. 12.—The following ticket was nominated by the Democratic convention yesterday: Governor, B. R. Tillman, of Edgefield; lieutenant governor, E. B. Gary, of Abbeville; secretary of state, T. E. Tindall, of Charleston; treasurer, W. T. C. Bates, of Orangeburg; attorney general, Y. J. Pope, of New Berry.

One Suicide Causes Another.

HOBOKEN, N. J., Sept. 12.—Laura Horn, aged 31 years, committed suicide yesterday by hanging herself to the fanlight of her bed room here. She was domesticated. When her father, Frederick Horn, 65 years old, discovered the fate of his daughter he shot himself in the head with a revolver, inflicting a probably fatal wound.

A Suicide Suicides.

NEW YORK, Sept. 12.—Lars P. Peterson, aged 55 years, a Swedish sailor on board the United States mail steamer Yantic, being at the Brooklyn navy yard, committed suicide this morning by cutting his throat with a knife. He is said to have been indulged in liquor, which is believed to have caused insanity.

Scupper on Railroad Bridge.

BOSTON, Sept. 12.—James W. Clifford, aged 17, and William Dampson, aged 16, who left Philadelphia to visit Clifford's brother and sister in the middle of Boston, walked and rode as Yantic, Conn., where on Wednesday night they lay down on a covered bridge and fell asleep. At 2 a. m., yesterday a passing train struck Clifford, fracturing his skull. Banbury escaped injury. The boys were brought here and Clifford was taken to the Massachusetts general hospital, where he now lies in a critical condition.

All Three Dead.

DECATUR, Iowa, Sept. 12.—Last evening Matt Wagner, Nic. Steinmiz and Peter Marx left this city for the purpose of seeking work at Mendenhall, a few miles south of East Dubuque. This morning their dead bodies were found about four miles down the track and lying close to it. The supposition is that they were struck by the Illinois Central train which left here last evening. They were under the influence of liquor when they started on their fatal journey.
